Footnotes for Aid Eligibility Comparison

1. **This Report only provides estimates.** Each school's aid administrators use Professional Judgment and have the final say. Schools that use the PROFILE form to supplement Federal aid with their own institutional aid have varied ways of dealing with each family's financial data. It's also important to keep in mind that the percentages reported by the schools only reflect *past* "averages". Therefore, your aid offer may vary significantly from the *estimates* that are shown in this Report.
2. **Cost of Attendance (COA)** is set by each school. Your EFC is subtracted from COA to determine the amount of your eligibility for "need-based" aid. You may pay more than COA if the student travels often, eats in restaurants, etc. Tuition and fees for public colleges are shown as in-state cost if Screen 2 shows state residency; otherwise out-of-state cost is used.
3. **Transportation** cost may not be reported in COA. However, some schools will include in COA the cost of two basic round-trips between home and school. For more information, contact the aid or admissions office.
4. **Expected Family Contribution (EFC)** is the foundation of "need-based" financial aid. Aid formulas analyze income and assets to determine how much a family must contribute towards college costs. For dependent students, EFC includes both Parent Contribution and Student Contribution, but is NOT all of what college will cost. See footnote 8 below.
5. **Need (Aid Eligibility) Est.** is calculated by subtracting EFC from COA. Then, your Aid Estimate is determined by multiplying the *average* need met at each college times its average need met (distributed between gift aid and self-help) as awarded *in the past* to all degree-seeking undergraduates. Being "average" is unlikely, so use this data as a rough guide.
6. **"Gift Aid"** is grants or scholarships that do not need to be repaid.
7. The **"Self-Help"** category in aid packages includes Student loans from all sources (excluding parent loans) *plus* student earnings from Federal Work-Study and State and other work-study/Employment (Parents may borrow PLUS loans to help pay EFC, these are not "self-help" or "aid.")
8. **Out-of-pocket cost** is the amount that college may cost when adding together everything that both student and parent will be expected to pay. We display two figures. **Eventual cost** is what must be paid "upfront," repaid, or earned, including EFC **plus** Unmet Need (the "gap" that results if aid does not meet your full Aid Eligibility) **plus** self-help (See footnote 7 above). **Immediate Cost** is what must be paid "upfront" for the selected year of college; it includes EFC **plus** Unmet Need. Because colleges differ in how they treat grant aid, if a known grant amount has been entered that exceeds the Need, the overage has been applied first to self-help, then to unmet need, and Not Known is displayed for both eventual and immediate cost.
9. **Need-based aid** is based on income/asset-driven formulas. **Aid Without Need** is based on "merit" -- the student's characteristics or accomplishments.
10. **Required Financial Aid Forms** [1] FAFSA [2] Institution's own financial aid form [3] CSS/Financial Aid PROFILE [4] State aid form [5] Noncustodial - Divorced/Separated Parent's Statement [6] Business/Farm Supplement [7] Other.
